BETTER THAN GOLD!

Ровтямочти, July 9, 1851. Мв. J. E. Boush—Dear Sir: I feel it a duty to make known the benefit I have derived from Dr. Hampton's VEGETABLE TINCTURE. For a number of years I VEGETABLE TINCTURE. For a number of years I suffered from disease, but to a greater degree for the last three years. One of the forms of my disease was dyspepsia. From this dreadful malady I suffered to such an extent that life was really a burden. The attack of it on me was different to that on any other person of whom I have heard; at times it was like the palpitation of the heart; there was a constant thumping and beating without intermission about the region of my heart, chest, and stomach; some of the attacks would last for weeks; my stomach was much distended, with constant pain, great weakness, and constipation of the bowels. I could not stomach was much distended, with constant pain, great weakness, and constipation of the bowels. I could not cat the most simple food without pain. I also suffered greatly from disease of the kidneys, with constant pain in the back, that I could walk only with great difficulty. I tried nearly all of the most celebrated patent medicines of the day, but found no relief. I had also the best medical attendance. One of my physicians frankly told me it was of no use for me to be paying him for advice, as he could do me no good. I gave up almost in despair, and thought my disease certainly incurable.

At this juncture I heard of Hampton's Vegetable Tincture. I refused to give it a trial, although persuaded by my friends, until my son purchased a few bottles, and requested me to try it; after taking it a few times, it had a most happy effect on me; my confidence increased, and after taking three bottles, my dyspepsia, or disease of the stomach, was nearly if not entirely cured. I now feel myself a new man, and in better health than for years.

after taking three bottles, my dyspepsia, or disease of the stomach, was nearly if not entirely cured. I now feel myself a new man, and in better health than for years. I am certain the cure in my case was made by this Hampton's Vegetable Tincture alone. Since my cure I have recommended the tincture to a number of my friends, who have also been relieved by it. Some of the cures have been as rapid and equally wonderful as mine.

I present my respects to Messrs. Mortimer & Mowbray, the proprietors of this valuable medicine, and say to them its value is above price; and from my cure, and what I have seen of its effects on others, I shall ever feel it my duty to recommend it to the suffering. I have no doubt many valuable lives will be prolonged by its use. I hope the afflicted will cast aside their prejudices and give it a trial. Yours most respectfully, (Signed)

The above is extracted from a letter from a centleman

The above is extracted from a letter from a gentleman sixty years of age, and of high character. He says: "I have given but a faint idea of my sufferings: I feel inadequate to the task." We also have received, in the last few days, letters from two of our most worthy and well-known citizens, giving two remarkable cures of spinal disease. But yesterday one of the oldest merchants reported that he was cured of neuralgia of the bead, of years standing, and so bad that his teeth fell out from I's effects. Call and sea letters. Was there ever so many cures, wonderful cures, made by any other medicine. All we sak of the afflicted is that they try Hampton's Vegetable Tincture, the great purifier of the blood and cure for all chronic diseases, as dyspepsia, rheumatism, scrofula, and all complaints of the stomach, bowels, &c.

FORTUNATE RELIEF.—Oon Sunday, 31st of August, between ten and eleven o'clock, the little son of Charles H. Burgess, residing on B street, near Eleventh street, aged one year and seven months, strayed from the door to the culvert, at the corner of Eleventh and B streets and fell in, and would have drowned had not a gentleman (whose name I did not learn) been passing at the time and sprang in and saved the little child. The gentleman is a resident of this city. Too much praise cannot be given to such a humane act. The parents of the little suffered feel much gratitude towards the gentleman, and thank God for his kind providence in sending one to save the child from a watery grave. He has quite recovered.—Intelligencer.

During the severe gale that visited the entire southern coast on the 24th and 25th ultimo, the city of Apalachicola (Florida) was inundated to such an extent, that many of the warehouses, such an extent, that many of the warehouses, private dwellings, &c., were entirely destroyed. In many parts of the city the water was from twelve to fifteen feet deep; and a ship lying in the West Pass, cotton loaded, was driven by the violence of the gale up into the city, and now lies high and dry. An immense amount of merchandise has been destroyed, and the loss will be very great. Fortunately, at this season of the year, the stock of goods and cotton on hand is comparatively light.

CTILL ANOTHER of our most talented and highly respectable citizens speaks for Hampton's Vegetable Etincture:

Baltimone, July 18, 1851.

Mesers. Mortimer & Moudray.—Gentlemen: My daughter having been afflicted for more than a year with the spinal disease, and having tried every remedy that was prescribed by some of our best physicians, without affording her any apparent relief, I fortunately was advised by a friend to try a bottle of "Dr. Hampton's Vegetable Tincture," which relieved her of her pain in less than twenty-four hours. I am pleased to say that since she took it she has been free from pain; and she is gradually gaining strength, which I attribute entirely to the restorative properties of this medicine. I believe if it were move of such diseases incident to the human family than what is usually prescribed.

THE undersigned propose to publish, in the City of Washington, a weekly newspaper, bearing the above title, and dedicated to a sound morality in Politice, to the Union of the States, to the cause of African Colonization and Civilization, and to all topics of a high and general interest to their country and mankind. They will endeavor to impress upon the People and Government of the United States and of the several States the importance of colonising in Africa, with their own consent, the free people of color of this country, and such as may become free. They will communicate to the public all important information they may obtain in regard to the Geography. Exploration, Resources, Commerce and Population of Africa; the state of the Slave Trade, and the measures best adapted for its suppression; and will enforce the duty of union among all Christian denominations in efforts to diffuse the knowledge of our Arts, Liberty, and Christianity, among the barbarous people of that Continent.

They will aim to render the journal an instructive and useful Family Newspaper, and to secure for its columns, as the public favor shall enable them, contributions, literary and scientific, of decided merit.

BLACKWOOD'S MAGAZINE,

AND THE

BRITISH QUARTERLY REVIEWS.

O WING to the late revolutions and counter-revolutions among the maximus of Europe, which have followed each other in such quick succession, and of which "the end is not yet," the leading periodicals of Great Britain have become invested with a degree of interest hitherto unknown. They occupy a middle ground between the hasty, disjointed, and necessarily imperfect records of the newspapers, and the slaborate and ponderous treaties to be furnished by the historian at a future day. Whoever rieds these periodicals obtains a correct and connected account of all the important political events of the Old World, as they occur, and learns the various conclusions drawn from them by the leading spirits of the age. The American publishers therefore deem it proper to call renewed attention to the works they publish, and the very low prices at which they are offered to subscribers. The following is their list, viz:

THE LONDON QUARTERIA REVIEW,
THE KORTH BRUTSH REVIEW,
THE KORTH BRUTSH REVIEW,
THE NORTH BRUTSH REVIEW,
THE WORTH BRUTSH REVIEW,
THE WESTMINSTER REVIEW, and RAGAZINZ.

In these periodicals are contained the views, moderately though clearly and firmly expressed, of the three greatest parties in England—Tory, Whig, and Radazin; "Blackwood's England Brutsh Review" and the "London Quarterly" are Tory, the "Edinburgh Review" Whig, and the "Westminster Review" laberal. The "North British Review" owes its establishment to the last great ecclesissitical movement in Scotland, and is not ultris in its views on any one of the grand departments of human knowledge. It was originally edited by Dr. Chalmers, and now, since his death, is conducted by his smi-in-law, Dr. Hanna, associated with 'Sr David Brewstor. Its literary character is of the very highest order. The "Westminster," it being in fact a union of the two Reviews formerly published and reprinted under separate titles. It has, therefore, the advantage, by this combination, of uniting in one work the best fe

SEARS NEW AND POPULAR WORKS—the most splendidly illustrated volumes for families ever issued on the American continent, containing more than four thousand exceused by the most eminent artists of England and America.

The entire series have been carefully examined, and strongly recommended to Superintendents, Trustees, and Teachers of Schools, by the following distinguished gentlemen: His Excellency Hamilton Fish. Ex-Governor of the State of New York; Christopher Morgan, Secretary of State, and Superintendent of Common Schools, N. Y., T. Homeyn Beck, eq., M. D., Secretary of the Regents of the University, N. Y., the Legislative Committee on Colleges, Academies, and Common Schools; Rev. Edward Hilzboock, Li. D., President of Amherst College, and Professor of Geology, Massachusetts.*

Amherst College, Dec. 26, 1848.

Mr. Robert Scars—Dear Sir; I have looked over the entire series of your valuable publications with much interest and profit; and am quite surprised at the amount of literary labor you have performed, and the research it must have cost you to obtain so many fine illustrations, while you have an active superintendence of an extensive business. I am slao gratified at the decidedly mornal and religious influence which your books will exert, and cannot but hope that they will do much to counteract the effects of that light and immoral literature which deluges the land, and, like the frogs of Egypt, comes up even to the kneading troughs of our kitchens. May you live long to follow your plans.

Respectfully and sincerely, your obliged servant, EDWARD HTCCHCOCK.
